There are plenty of interesting places, cultural events, traditional dining and fine products to experience in Kinosaki and the surrounding Tajima region. Kinosaki, with a 1,300 year history dating back to the Heian period, is a traditional, perfect place where you can relax and enjoy yourself in all four seasons. The town of Kinosaki took its name from the marshlands facing the Sea of Japan formed by the Maruyama River. These marshlands were originally called "Kinusaki" and subsequently the name of the town became "Kinosaki."

Go a little away from the town, and you will be at Takenohama, a popular beach among Japanese people, and enjoy the unspoiled scenery with beautiful open fields, mountains, and streams.

There are many different types of Japanese-style hotels in Kinosaki. [Find your ryokan and book online now.](#) Some are small and family-run, and some are larger and offer quality services. Reservations of nearly 20 ryokans through the Internet are available.

About Kinosaki

Kinosaki Onsen resort has seven *sotoyu* (public hot spring bath facilities), a hot spring water drinking spot, and a foot bath facility. You can enjoy a tour of seven *sotoyu*, which is the Kinosaki Onsen's specialty. Put on a *yukata* (casual cotton kimono) and *geta* (traditional wooden Japanese footwear, resembling clogs), which are the formal wear in Onsen resorts, and go around the town to enjoy the baths.

Since the beginning of the 18th century, many well-known artists, writers, and calligraphers have come and stayed in Kinosaki. In 1913 the famous author Shiga Naoya came to Kinosaki and stayed for three weeks. Kinosaki provided inspiration for his famous short story, *Kinosaki Nite*, or "In Kinosaki". Other famous writers who visited Kinosaki include Yosano Akiko, Shimazaki Toson, Saito Mokichi, and Yanagida Kunio.

Kinosaki has become more and more famous through these visits or works of art created amidst the charming surroundings and local people's hospitality.

As well as the hot springs, Kinosaki is renowned for its high quality seafood, particularly crabs. You will not complete your visit to Kinosaki without eating crabs at least once during the stay. Prime crab season is from November to March, though you can eat in other seasons as well.
