

2025年度 豊岡エコバレー・竹貫地場ソーラー月間発電状況

| 月   | ①月別予測<br>発電量 (kWh) | ②実績発電<br>電力量 (kWh) | 増減分<br>②－① (kWh) | 達成率<br>(%) |
|-----|--------------------|--------------------|------------------|------------|
| 4   | 106,000            | 134,556            | 28,556           | 126.9      |
| 5   | 120,000            | 133,351            | 13,351           | 111.1      |
| 6   | 105,900            | 129,081            | 23,181           | 121.9      |
| 7   | 111,100            | 164,578            | 53,478           | 148.1      |
| 8   | 112,000            | 113,269            | 1,269            | 101.1      |
| 9   | 83,800             | 93,460             | 9,660            | 111.5      |
| 10  | 75,800             | 74,994             | -806             | 98.9       |
| 11  | 54,800             | 69,301             | 14,501           | 126.5      |
| 12  | 49,000             | 53,344             | 4,344            | 108.9      |
| 1   | 45,000             | 39,719             | -5,281           | 88.3       |
| 2   | 48,000             | 48,188             | 188              | 100.4      |
| 3   | 86,600             | 103,857            | 17,257           | 119.9      |
| 合 計 | 998,000            | 1,157,698          | 159,698          | 116.0%     |
